AFFORDABLE

Meets Criteria for ACNM, ARDMS National Exam
GET Hands on Experience with Life Like Fetal and Pelvic Phantoms by KKAmerica Inc.
Didactic Mastery Test on Second Afternoon
Add this Billable Skill to Your Practice
**Program Objectives**

This program provides the didactic component recommended by ACNM and AWHONN in the New Ultrasound Examination Examinations Performance by Nurses in Obstetric, Gynecologic, and Reproductive Medicine Settings: Clinical Competencies and Education Guide. At the conclusion of this program the participant will be able to:

- Understand the practice competencies for ultrasound use in the gynecologic and obstetric setting.
- Define indications for gynecologic and OB ultrasound examination.
- Understand basic principles of ultrasound physics/instrumentation: equipment keyboard and orientation. (Bring a picture of yours)
- Define the scope of patient education specific to gynecologic, antepartum fetal assessment and various clinical use of obstetrical ultrasound, first, second, and third trimester.
- Review use of limited ultrasound in OB triage.
- Discuss the indications for and implications of Biophysical Profiles in evaluating and managing at-risk pregnancy.
- Discuss the role of the clinician in performing limited obstetrical ultrasound for labor and delivery triage, including cervical length.
- Identify key elements of accountability and documentation specific to ultrasound implementation, evaluation, and billing.
- List the components of a standard, limited and specialized obstetrical ultrasound examination.

**Guarantee - Cancellation - Taxes**

Guarantee: If you are not satisfied with the content and presentations of this program, notify the registrar by 12 noon on the 1st day of attendance for refund of registration fees.

CANCELLATIONS: Up to 7 days before the program choose: Registration for refund minus $25 per day administrative fee or full value credit letter. Cancellation within 7 days: No monetary refund. Send a substitution or request payment of $25 per day (administration fee) which will allow you to apply fees to future program of your choice. If program cannot be held due to circumstances beyond our control (natural disaster, strike, etc.) the seminar will be rescheduled if possible. Registrants may choose free admission to the rescheduled program, or credit voucher good for any future PEC program. PEC is not responsible if a participant fails to show up due to any reason. Consult your tax advisor for details.

**Registration: Women’s Health Ultrasound**

**Day One**

7:30 Check-In - Continental Breakfast
8:00 GUIDELINES FOR PERFORMING EXAMS
- Categories of Ultrasound Exams
- Limited/Point of Care
- Standard
- Specialized
- Fetal lie
- Fetal lie (the KKAmerica Phantom)
- Professional, Ethical & Documentation Issues

**Day Two**

7:00 Check-In - Continental Breakfast
8:15 Ultrasound Review: 2ND/3RD TRIMESTER LIMITED & STANDARD EXAM
- Anatomical Tour of the Fetus
- Fetal Number/Presentation/Position
- Fetal Biometry
- Fetal Environment: Cord/Placenta/Fluid

ULTRASOUND TO AID FETAL ASSESSMENT
- Fetal Neurophysiology of transducer and how to use it
- Transabdominal • Transvaginal

SAFETY IN ULTRASOUND
- Orientation to Imaging
- Proper selection of transducer and how to use it

THE BIOPHYSICAL PROFILE
- Essential Elements • Amniotic Fluid Volume
- Cervical Length Measurement

11:30 LUNCH - Provided (Scheduled hands-on available)
1:00 Applying the Concepts
- Clinical Competency Checklist
- ACNM/AWHONN Guidelines
- ACNM/ARDMS Certification Exam Details

FIRST TRIMESTER STANDARD EXAM
- Verification of FUP • Yolk/Gestational Sac
- Embryo • Fetus • Cardiac Activity
- Crown Rump Length

POST EXAM VERIFICATION DIDACTIC MASTERY

ULTRASOUND ASSESSMENT OF THE FEMALE PELVIS
- Transvaginal (Technique/Orientation AM Day 2)
- Important GYN Measurements

**DURING THIS TWO-DAY SEMINAR you will become familiar with the most current clinical practice recommendations for assessment of the female pelvis and the fetus in utero. Highlights include use of ultrasound by OB practitioners including nurse-midwives for gynecology, first trimester assessment, standard second and third trimester scans, including biophysical profiles, and essential observations of the fetus in managing triage and care during transfer and delivery. Demonstration of didactic mastery is offered with the Post Exam (Additional certificate mailed after confirmed passage of exam). On site ultrasound equipment and use of KKAmerican Fetal and Pelvic Phantoms for hands on experience, and US module demos.**

**WHAT PEOPLE SAY...**

“The opportunity to pick up a transducer and utilize knobs was hands-on experience. I was amazed at how simple it was to use!”

“Great class! Very LOGICALLY ORGANIZED. Subject taught interesting and relevant by skilled clinicians.”

“EXCELLENT, INFORMATIVE, ENJOYABLE. As a Physician who does ultrasounds in the office, this course provided information to improve my skills.”

**Additional Resources!**

Simulated Clinical Practice in an on-line module
Your mouse becomes the Transducer!

The convenience of Online Learning
Simulated Ultrasound Clinical Training Modules
Learn and practice at your own pace
Earn CE Credits
Class participants may take a $20 discount (no limit) on any module. See website for details.

Seminar Hands-On scheduled practice times at no extra charge.

Practice with KKAmerica
Fetal and Pelvic Phantoms: Practice both abdominal and transvaginal scanning.

Take your personal time with skilled clinicians.

**Program Highlights:**

- Fundamentals of Ultrasound Physics
- Imaging Orientation - Gyn & Fetal Evaluation
- Biophysical Profile - Biometric Measurements
- Fetal lie (Use the KKAmerica Phantom)
- Professional, Ethical & Documentation Issues

**Policy development:**

- Post Exam Verifying Didactic Mastery

This program presents the didactic component recommended in the AWHONN and ACNM guidelines. Didactic requirements for ACNM/ARDMS Certification will be met.

A Clinical Checklist is provided and reviewed to assist the individual in arranging follow-up clinical training, in their own setting. OB Clinical Simulation Modules available for purchase at a discount for class participants.
