Maternal-Newborn Review

#1 For Cross Training in OB

Co-Presented by:
Cindy Parke, RNC, CNM, MSN
Tracy Karp, RNC, MS, NNP

2020

Want your RNC? NCC CORE EXAM On-site option following course for Maternal-Newborn Nursing Exam

Maternal-Newborn Review

RNC Exam Preparation:
Maternal-Newborn Level 1 & II/NS

P.O. Box 7447 Chico, CA 95927-7447
800-732-2387
www.proedcenter.com
MEET YOUR SPEAKERS...

Cindy Parke, RNC, CNM, MSN
Certified Nurse Midwife, Educator, and Clinician; Cindy has taught essentials of women’s health, pregnancy, and childbirth topics to nurses nationwide. A member of AWHONN, Preeclampsia Foundation, Momma’s Voices, and the International Cesarean Awareness Network, Cindy’s focus is on comprehensive assessment and care; antepartum through postpartum. Cindy teaches through passion, helping you put all the pieces together for your clinical practice and testing. A logical and thorough approach taught with passion.

Tracy Karp, RNC, MS, NNP
Author, Educator, Researcher, and Clinician; Tracy Karp has 34 years of experience in neonatal nursing. He is currently the Chief of Advanced Practice Clinicians at Intermountain Healthcare’s Primary Children’s Medical Center. Tracy continues to practice as a neonatal Nurse Practitioner in various clinical settings including Level II & III NICUs. He is also on clinical faculty at the University of Utah College of Nursing in Salt Lake City. He has presented at various conventions, served on multiple state, regional, and national neonatal committees, and has authored or co-authored numerous textbook chapters and articles. Tracy has a relaxed teaching style utilizing audience knowledge in a technique that has proven to be engaging and a great tool for retention.

WHAT PEOPLE SAY...

“The INFORMATION was GREAT and such a good review for the test! Cindy and Tracy were both wonderful presenters and so very helpful to work with!”

“EXCELLENT course-speaker and content! Cindy is terrific, compassionate and facilitates communication”

“What a GREAT instructor! Tracy is phenomenal with his background, knowledge and clinical expertise!”

“Instructors were both very ENGAGING. Thank you for your time”

“What an INCREDIBLE three days! Great review, update and best of all - I PASSED! Thank you Cindy & Tracy!”

PROGRAM AMENITIES

All PEC programs provide a basic continental breakfast, lunch, and afternoon snacks. A comprehensive training manual is provided for each participant. Breakfast is also provided the morning of the examination. Classroom style seating (table/chair) is the preferred PEC room set-up.

CONTINUING EDUCATION CREDITS

This program has been designed to meet the National CE requirements for license renewal in all 50 states. Professional Education Center (PEC) is a provider approved by the California Board of Registered Nursing. Provider #90980. Nurses BRN: 24 Hours CE Credit (8 day), Pharmacology credits: 4 hours. Florida FBN #2219 for 7.5-21.75 Hours: 7:25/day.

CE Certificate is issued at program conclusion.

WHO SHOULD ATTEND:

- AP - IP - PP and Level I or II Neonatal Nurses
- Mother-Baby and LDPR Nurses
- Maternal and Newborn Clinical Specialists
- Nurses Needing a Review, Orientation, or Cross-training in Maternal Newborn Care
- Nurses planning to take the Maternal or Low Risk Neonatal NCE exam
- Nurses needing RNC recertification credits

Fast paced, comprehensive and intense review of physiology, pathophysiology, signs/symptoms, diagnosis, treatment, and prognosis of mother and the low-risk newborn. This program will refresh your nursing knowledge base, improve your assessment skills for clinical practice and assist you as a caregiver. It is also an excellent prep for the RNC exams with content to complement exam outlines and a review of test taking skills.

PROGRAM OBJECTIVES:

Through Lecture and Discussion This Program Will:
- Describe maternal, fetal, and neonatal physiology, norms and expected outcomes from the antepartum to the postpartum period, determining potential risk factors affecting outcomes.
- Review maternal history and physical examination, screening, laboratory values and comprehensive screening.
- Describe components for neonatal transition, assessment, and systems reviews.
- Describe common problems and complications in the antepartum, intrapartum, postpartum, and transitional time periods, for both the mother and infant.
- Identify the at risk mother, fetus, and newborn based upon multiple facets of information available to the care provider.
- Discuss elements of lactation, nutrition, and breastfeeding.
- Describe components of education and support for maternal, newborn, and family care.
- Discuss role adaptation, nursing care and family dynamics relative to maternal and newborn norms, deviations, and needs.
- Identify Test Taking Skills and barriers to test success.

*The NCC exams are separate ($275) from and have no affiliation with this course. The College of Nurses’ support higher standards of continuing education and to test nurses seeking certification.

PEC has established the option for PEC MNB course attendees to sit the NCC Maternal Newborn Nursing exams. NCC sends an exam application letter following receipt/approval of exam application. Contact NCC if you have applied and have not received your admission to exam letter. Testing site selection does not constitute NCC endorsement of course, course content, or materials provided. NCC and PEC are separate organizations; collaboration of efforts has provided an educational (PEC) and testing (NCC) opportunity to clinicians nationwide. PEC has no authority to approve, disapprove or vary any requirement for qualifying for or taking any NCC exam.

Registration for the on-site NCC exam following attendance of the PEC course is separate, we suggest registering using the link on our website. Please note there is a $30 Non Refundable test administration fee due PEC for the on site exam. Must register with NCC at least 21 days prior to exam date.
